THE ADAIR COUNTY NEWS

Published Every Wednesday

Adair County News Company.
(INCORPORATED.)

CHAS. S. HARRIS EDITOR.

Democratic newspaper devoted to the interest of the City of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post-office as second class mail-matter.

WED. DEC. 28, 1910.

The Democratic Executive Committee met in the Seelback Hotel, Louisville, last Thursday and called a State primary to nominate candidates for the various State offices, to be held Saturday, May 27. All the candidates from Governor down were present and acquiesced in the action of the Committee. There were some candidates who favored a convention, but like good Democrats, they accepted the action of the constituted authority, and will vigorously enter the campaign for the May primary. Mr. Jas. Garnett, of this place, stated to the committee that he favored a convention, but whatever the committee concluded to do would be satisfactory to him—he was a candidate for Attorney General before either a convention or a primary. This section of Kentucky is unanimously for Mr. Garnett, but it will be very necessary on the day of the primary for his supporters to be at the polls. There are one hundred and nineteen counties in the State and he hopes to visit them all before the 27th of May.

It is now time to again revive the interest in building a rail road from Campbellsville or Greensburg to Columbia. That it is needed is not questioned, that it would be a paying investment is hardly doubted. It is a proposition that can be financed by home people. We now have a former Columbian visiting us who has much faith in this proposition and who states that he is willing to take from ten to twenty thousand dollars worth of the stock if other business

men will join in the organization of a company for this purpose. Why not meet and consider this and take such action as will lead to better transportation. If the people here will join in this matter the road can be built and Adair county will prosper as never before.

United States army officers recently returned from the Philippines are much concerned over the activities of Japan in the Far East, according to a story from New York. The charge is made by these officers that the Japanese are in complete control of the Philippines. It is also charged that the Japanese deliberately sank the great dry dock Dewey in Subig Bay.

The Burley tobacco growers held a meeting in Lexington last week and resolved to form a permanent organization. The growers are requested to hold meetings in their respective counties on December 31 and select delegates to attend a convention at Lexington January 5.

The marriage of Robin Cooper, who killed Senator E. W. Carmack, to Miss Eva Smith, daughter of M. H. Smith, President of the Louisville & Nashville R. R. Co., did not come as a surprise, as it has been generally understood that the event would take place.

John D. Rockefeller has made his last gift, \$10,000,000, to the Chicago University. The whole amount he has given to that institution is \$35,000,000. The total sum he has given for all purposes amounts to \$135,000,000.

Twenty cities in Kentucky have a population of over 5,000, according to 1910 census statistics. All of the cities have shown gains in the last decade except Maysville. Middlesboro's percentage of gain was the largest.
